

Jigsaw Business provides bespoke fit for leading kitchen designer & manufacturer

Pepper Kitchens Ltd specialise in the design, manufacture and sale of kitchens to the commercial construction industry. Pepper is a medium sized St Ives-based company renowned for its innovation, contemporary design and attention to detail.

Pepper Kitchens invested in Jigsaw Business from ProFactum Ltd as the ideal platform to advance and improve their business. Elements of the standard Jigsaw Business system were tailored to meet Pepper's specific requirements in order to manage and support key operational processes within the business.

Functionality encompassed:

- Sales forecasting
- CAD design for producing kitchen layouts
- Material Planning
- Manufacturing process management - cutting lists, assembly lists, delivery notes
- Order processing
- Invoicing
- Parameterised product book for ease of design and development
- Customer Support
